

REMARKS

This paper responds to the Office Action dated April 5, 2005. No fee is required for this response. In the event that the Commissioner disagrees with the applicant's determination that no fee is necessary, he is authorized to appropriately debit our Account No. 22-0261.

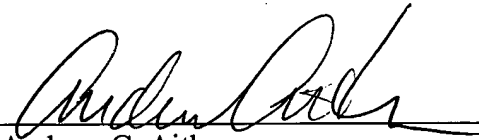

This amendment is directed to address certain informalities in the specification that were noted by the Examiner. Throughout the specification there were references to specifically numbered claims and, because some of the claims were cancelled during the prosecution, many of the references are now incorrect. In order to address this issue, the applicant has presently amended the specification to remove all references to the claims.

In view of the foregoing amendment, it is submitted that the application is now in condition for allowance and a notice to that effect is respectfully requested.

Respectfully submitted,
